DEMONSTRATIVE RECEPTION GIVEN RUSSIANS BAKHMETIEFF'S SPEECH IS WILDLY CHEERED

RUSSIANS TO TELL US HOW COUNTRIES CO-OPERATE

RUSSIAN MISSION TO THE UNITED STATES (M. BORIS BAKHMETIEFF, HEAD OF MISSION, IN CENTER)

The Russian mission, headed by Boris Bakhmetieff, shown at the center of this picture, is housed in the home of Hennen Jennings in Washington. The photograph was made at the door of the Jennings home. The work of the mission is observed with more than ordinary interest because of the internal situation during the new Russian democracy. The mission, it is understood, has full

powers of negotiation and serves as a Russian counterpart to the American mission now in Petrograd under the leadership of Elihu Root. Since its departure from the Russian capital five weeks ago it has kept fully in touch with the situation by cable and wireless and is fully enough informed to discuss the situation in detail.

Russia is said to need above all organization, munitions, supplies and railroad materials. The Root commission, together with the Stevens railroad commission now in Russia, will, it is believed, offer many suggestions along these lines, and the Russian mission here will suggest others from its experience in this country.

"Russia's Endeavor is For a Lasting Peace Between Democratic Nations," Ambassador Bakhmetieff Tells Congress of the United States.

SHOUTS AND CHEERS GREET SPEAKER FROM FLOOR AND GALLERIES OF HOUSE

Most Enthusiastic Greeting Given to Russian Mission. Halls and Galleries Are Packed With Interested Representatives and Spectators.

WASHINGTON, June 23.—(Associated Press Dispatch)—Ambassador Bakhmetieff, head of the Russian Mission, emphatically declared in his address today before Congress, assembled in the hall of the House, that the Russian people themselves are opposed to a separate peace with Germany. The Ambassador's declaration came at the end of the most remarkable and demonstrative reception yet given any of the foreign missions in either House of Congress.

Shouts and cheers came from floor and galleries. Members of Congress who on previous visits of missions have applauded or remained quietly in their seats, cheered loudly.

Men, women and children in the galleries caught the wave of patriotism, shouting and waving handkerchiefs.

The applause and cheering were renewed when the Ambassador added: "Rumors of a separate peace are without foundation in fact. Russia's endeavor is for a lasting peace between democratic nations."

"Triumph of the German autocracy would render such peace impossible. Russia will not fail to be a worthy partner in the league of honor."

AMERICAN RED CROSS GOES TO RUSSIA

WASHINGTON, June 23.—The Red Cross will send an American Commission to Russia to work along and behind the battlefield in the same way which a similar commission is to operate in France and Belgium.

In that way, ambulances and other relief for the Russian army will be supplied.

RED CROSS FUND GROWS

WASHINGTON, June 23.—(Associated Press Dispatch)—More than \$77,500,000 was marked up at Red Cross Headquarters today toward the \$100,000,000 humanity fund.

Leaders in every city were exerting efforts to put their campaign through with a glorious finish. While Monday is supposed to close the formal campaign, scores of cities are refusing to quit on that date.

It was estimated today that at least one hundred cities in the North Central section of states alone would keep on raising money next week.

Monday will be Pershing Day. In announcing the day, the directors said: "This Red Cross money goes straight to help our gallant boys. The appeal must go straight to the heart of every lover of his country."

Ohio not only continues to be the banner state of the campaign outside of New York, but is forging ahead so rapidly that it is almost certain to hold the honor position to the end of the contest.

The state's total is now \$7,992,904, more than a million above its quota. Not satisfied with this commendable showing, however, an effort is being made to reach the ten million dollar mark.

The Illinois total to date is \$4,119,259, nearly 3,000,000 under the Ohio figures and \$496,385 below Pennsylvania, which ranks next to Ohio in the interstate contest.

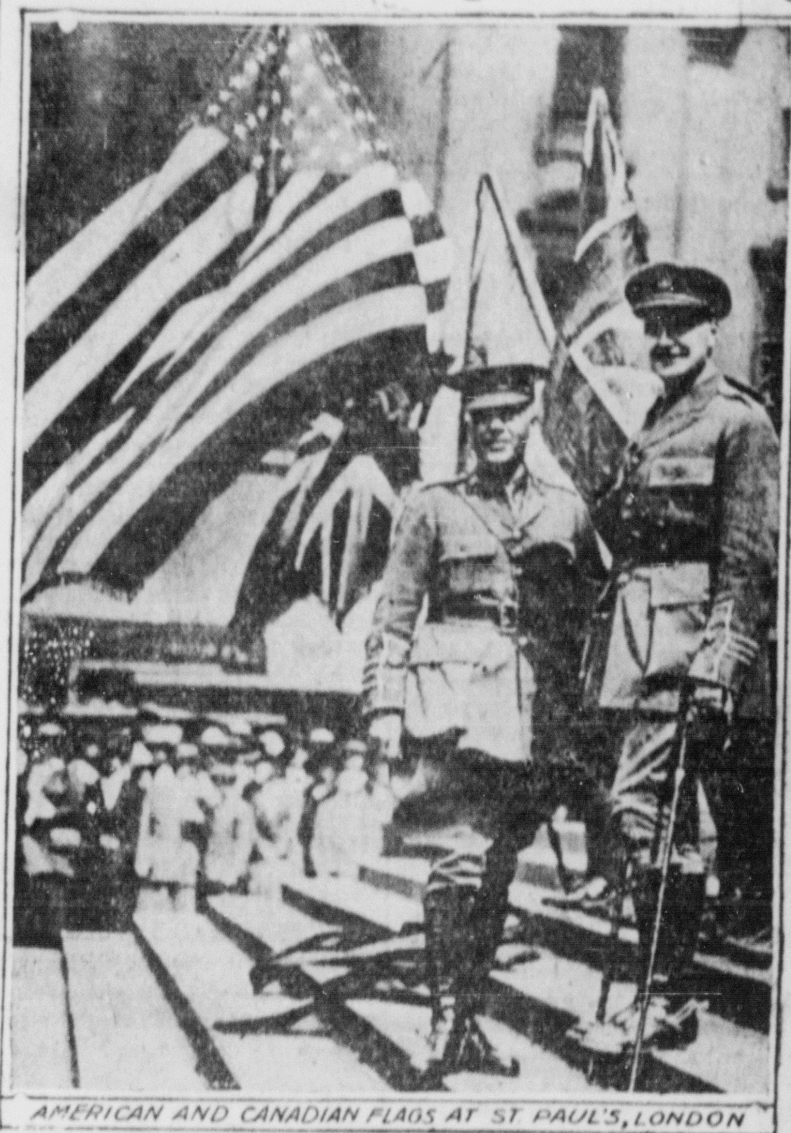

NATION WIDE DRIVE FOR 70,000 RECRUITS

WASHINGTON, June 23.—(Associated Press Dispatch)—A nation-wide drive of one week to recruit 70,000 men to bring the Regular Army up to its authorized war strength of 300,000 men began today, in accordance with President Wilson's proclamation calling for volunteers.

This is the first step in the war organization of America's army. Next is the task of completing the full strength of the National Guard; then comes the selection of men for the new national army from the millions who registered June 5.

The President calls upon "unmarried men between the ages of 18 and 40 years, who have no dependents and who are not engaged in pursuits vitally necessary to the prosecution of the war."

AMERICAN AND CANADIAN FLAGS AT ST. PAUL'S, LONDON

This photograph depicts one of the scenes attending the depositing of the American and Canadian flags in St. Paul's cathedral, London. Walter H. Page and Mrs. Page, the American ambassador and his wife, were among those at St. Paul's cathedral when the colors of the American legion of the Canadian expeditionary force were dedicated. The colors were handed by Mrs. Page to Canon

Alexander and Archdeacon Holmes. After they had been laid on the altar they were carried in procession and hung in the north transept. At the conclusion of the services as a verse of "Star Spangled Banner" was sung, followed by the British national anthem. The picture shows members of the American legion with the colors on the steps of St. Paul's cathedral.

FEDERAL OFFICIALS TO DRAFT

By Associated Press Dispatch.

Washington, June 23.—Regulations for drafting the new national army, awaiting President Wilson's approval, contain provision for every step in the great undertaking except the draft itself.

No official announcement has been made, and official confirmation is being withheld, but it has been stated that the Government itself will do the drafting, probably here in Washington, so there will be no opportunity for local favoritism, political or otherwise.

As the regulations stand now, every registered man bears a number. The number will be forwarded to Washington, and the drawing will be entirely by number.

The identity of the numbered man will be unknown to those in charge of the draft machinery, and can be established only by comparing the number with a printed list in the man's home district.

As the numbers are drawn, they will be telegraphed to the home district. Then the question of exemption will be taken up.

London, June 23.—Reuters' Petrograd correspondent reports that the Ukraine military conference has called on the Ukraine National Assembly to cease its relations with the Russian Provisional Government and proceed immediately to effect an independent organization of the Ukraine.

1000 KILLED OR WOUNDED IN EXPLOSION

(Associated Press Cable)

Amsterdam, June 23.—More than one thousand persons were killed or injured or are missing, in consequence of an explosion in munitions factories at Bloeweg, according to an announcement made in the Lower House of the Austrian Parliament by the Minister of Defense, as forwarded in a dispatch from Vienna.

The casualties were given by the Minister as follows: Dead, 136; missing, 170; wounded, 625. Of the wounded, 520 received only slight injuries.

The Minister said the explosion probably was due to lack of caution on the part of men employed in a trench mortar workshop.

EXTRADITION PROBABLE.

New York, June 23.—While expressing gratification at Alfredo Cocchi's confession as clearing up the Cruger girl's murder, Police Commissioner Woods indicated that there were important other reasons for pushing the efforts to bring the fugitive back to this country in addition to seeking punishment for the crime.

"I am particularly anxious to find out if he had any accomplices, and also about his dealings with the police," the Commissioner said.

The police today continued excavating in cellar of Cocchi's motorcycle shop, where the girl's body was found.

It was reported that they had learned that a tunnel connected this building with the cellar of the one adjoining.

Search of cellars formerly occupied by Cocchi's shops has failed thus far to reveal evidence of crime similar to the Cruger murder.

POLICE QUIZZ

(Associated Press Cable)

Upon being further interrogated by the police, who were not satisfied that the prisoner had told the entire truth, Cocchi admitted that the murder had been preceded by an assault. He had denied this previously. His confession is now considered to be complete.

POLICE HERO TO HAVE HIS CHANCE

Acting Detective Sergeant Martin S. Owens, attached to the auto squad at New York police headquarters, was selected by Commissioner Woods to drive the ambulance which the New York Police Honor legion will send to France in a few months. There was great rivalry among the eligible men for the appointment.

Owens is thirty years old and has been on the force ten years, a perfect record for deportment during that period being combined with several courageous performances. On May 9, 1911, he rescued a number of women and children from a burning tenement in Eldridge street "at a great personal risk," for which he received the department medal and the medal of the Automobile Club of America. He was commended this year for his work in rounding up automobile thieves.

COCCHI ADMITS GUILT

Fugitive New York Motorcycle Dealer Confesses Mysterious Crime Jealousy the Cause.

(Associated Press Cable.)

Bologna, Italy, June 23.—Alfredo Cocchi, the fugitive New York motorcycle dealer, today abandoned his pretense of innocence of the murder of Ruth Cruger and confessed his guilt.

Jealousy was his motive. He was unable, he declared, to win her love, and became furious when she refused his persistent attentions.

Under Judge Zucconi's searching questions today, Cocchi finally broke down after maintaining he had known Miss Cruger only two days before her disappearance in February, when she went to his shop to have her skates sharpened, and had declared his conduct toward her was entirely correct.

He became so agitated at his

TONIGHT CLOSES THE CHAUTAUQUA; FI-FI MAKES HIT

Hon. Frances Neilson and the Adams Concert Co. to Give Entertainment Tonight—Large Audience Enjoys FI-FI.

Tonight closes the Washington Chautauqua which has been well patronized and enjoyed by all patrons in general, and the closing program is announced as one of the most inviting of the entire series. Hon. Frances Neilson, former member of the British Parliament and an orator with few peers in England, will deliver his intensely interesting lecture on "The Future of Europe," and all interested in the great war will find him more or less a prophet as to what the real outcome will be in blood-soaked Europe.

The closing concert will be by the Elmer Crawford Adams Company, which gave such a delightful entertainment before a large audience Saturday afternoon.

The work of the Junior Chautauqua was particularly pleasing, Friday evening, and the production of "FI-FI of the Toy Shop" was a delight to the very large audience.

The leading characters of the cast carried out their parts with pronounced cleverness, and each of the host of youngsters taking part in the production is entitled to praise. Miss Judith Hampton Lyndon and Elsie May Gordon, who gave the entertainment in the afternoon, assumed the two leading roles of FI-FI. Both are young women of exceptional talent and their work met with the unstinted approval of the audience.

Miss Dorothy Saxton repeated her former very successful impersonation of the ragdoll "Loosey." Miss Lucy Edna Pine aroused great enthusiasm as "Inkspot," one of the funniest characters of the play and Miss Dorothy Bush took the part of the Witch cleverly.

Renick Allen did some of the best work of the play as Capt. Barnacle, his excellent voice and masterful mein both fitting the part.

The leading role of Prince Lollypop was taken with professional ease by the director, George E. Shaw, and Richard Haynes gave a very clever and entertaining impersonation of Lieut. Tinheart. Walter Sprenger, at ways at home on the stage, played "Tackhammer"; R. R. Kibler again filled the role of the Sandman excellently and Kenneth Kerr was splendid as "The Man-in-the-Moon," his fine voice contributing to both solos and choruses.

Miss Margaret Mark was beautiful and fascinating as the Good Fairy.

The audience regretted that Miss Ruth Parrett, an adorable Bo Peep, only appeared twice. Her clear soprano was very beautiful in solos and of much assistance in choruses.

Miss Wanda Wolford, the Doll's Head, Miss Marie Tharp, the Talking Doll and Miss Maxine Kibler, the Japanese Doll, a pretty trio, completed the cast.

Miss Ruth Reid played the accompaniment for the entire operetta superbly.

The management of the production is authority for the statement that the work of the young people in this city proved much better than at any point where the play has been given in the chautauqua circuit.

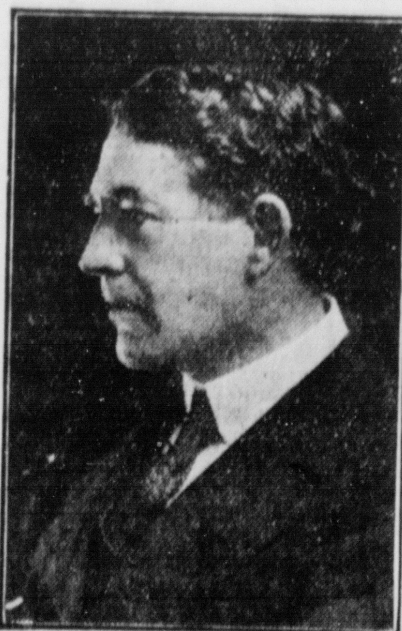

Following the musical pageant which proved so popular, Fred G. Bale, of the Columbus Juvenile Court, gave his very interesting lecture on "The Fiddler and the Fire."

SOME OIL STOCK!

Some time ago we published a news item regarding some oil stock purchased by Chas. Corwin at \$20 per share and which advanced by leaps and bounds to the phenomenal figure of \$2,000 in a very short time. That the stock still retains its mushroom characteristics is vouched for by "Hig" who tells us today that he received a recent notification from the Oklahoma Oil Co., stating that the stock had advanced to \$2500—and all for a \$20 bill.—Leesburg Citizen.

HON. FRANCIS NEILSON WILL LECTURE TONIGHT

"The Future of Europe," is the striking title of the address to be given at the Chautauqua by Hon. Francis Neilson, ex-member of the British Parliament. Mr. Neilson has had a

life experience peculiarly qualifying him to speak upon this subject. He has been for fifteen years a leader among the Advanced Liberals of Great Britain. His address is the fruit of personal observation. Mr. Neilson believes that a United States of Europe is a possibility of the great war now raging, and that it is the ultimate solution of old world problems.

H. D. CHAFFIN AMONG GRAND LODGE MEN

At the annual session of the Grand Lodge of Odd Fellows, at Columbus, Mr. H. D. Chaffin was chosen Grand Warden, and is in line for the highest position the Grand Lodge of Ohio affords. Mr. Chaffin's position at the head of Imperial Degree Staff makes him a prominent member of the order, and his pleasing personality and wide acquaintanceship does the remainder.

The 1918 session of the lodge is to be held in Portsmouth. Officers elected are: F. E. Slabaugh, Newark, Grand Master; Frank Clup Butler, Grand Deputy; H. D. Chaffin, Columbus, Grand Warden; J. B. Sheridan, Piqua, Grand Treasurer; Frank W. Spence, New Vienna, Grand Herald; J. J. Stier, Medina, Grand Guardian; Charles A. Bell, Dayton, Grand Conductor; W. H. NEW B. & O. AGENT FOR WILMINGTON

C. J. Plumly has been appointed B. & O. agent at Wilmington to succeed T. P. Leary, who has been promoted to the Wellston agency. James Keefe has been the acting agent since Mr. Leary went to Wellston.

Plumly has been station at Lynchburg as agent for the B. & O. at that place. He was formerly located at this point, as an operator.

The B. & O. has recently asked for women telegraphers to supplant the present men operators, many of the latter being wanted for military service as telegraphers.

ALL WOMEN OF COUNTY URGED TO MEET MONDAY

Women's Workshop Committee of the Red Cross to Be Selected and Working Plans to Be Made—Stimson Building at 3 o'clock—Many New Members Enrolled During Week.

Every woman and girl of Fayette county who can sew or knit, whether they are members of the American Red Cross or not, are expected to be present at the chapter's workrooms in the Stimson annex to the Y. M. C. A. on Monday afternoon, June 25, at 3 o'clock.

Sufficient funds have been raised by the local Red Cross to begin work on hospital supplies at once.

This work comprises the making of pajamas, hospital bed shirts, convalescent gowns, sheets, pillow cases, slippers, hot water bag covers, towels and wash cloths.

In appealing to the women of the county for co-operation, the chairman of the Workshop Committee says:

"This is our part in the stupendous task of the nation to care for our soldiers and we must not be found wanting in a desire to give our fullest measure of support.

"We are at war, and our great forces of men are relying on every Red Cross chapter to take its share of the burden. Every woman who wants to help—and every woman does want to help—will find the chance to do some definite thing next Monday.

"Do not fail to come. This is not an invitation—it is a summons, a clear call to fight for our country, and our response must meet the demand. We cannot all fight in the trenches, but we can all fight in some definite way."

Mrs. C. H. Griffin, chairman, has appointed the following financial committee, whose duty it is to raise funds to carry on the local work:

Mrs. Bertha S. Miller, vice chairman; Mrs. H. T. Wilkin, Mrs. Fuller Hess, Mrs. Herman Price, Mrs. R. C. Hunt, Mrs. J. M. Willis, Mrs. Alex H. I. Kinkaid, Bloomingburg; Miss Helen Dill, Jeffersonville; Miss Emma Jackson; Miss Forest Allen, Milledgeville; Miss Helen Harper, Miss Nina Dahl, Miss Mary Robinson; Mrs. Ralph Braden, Good Hope.

The membership campaign has gone on without interruption at the chautauqua booth during the week. The following recruits have been added:

Mrs. O. E. Hardway, Florence E. Smith, Mrs. A. T. Vincent, Mrs. Jesse Blackmer, Mrs. Wesley DeWees, Miss Lena Fuhs, Mrs. D. H. Rowe, Mrs. John Noble, Mrs. Martin Hughey, Mrs. C. S. OSCAR VALLERY NEW POP GEERS

Ever hear of Oscar Vallery, of Derby, Ohio? Well, he's the Pop Geers of the half mile rings and has cut a lot of capers in the horse world. A year ago he picked up a green pacing mare, for instance and named her Babe Crescous before he set her to work. Babe was an apt pupil and shortly after the state fair met here he sold her to C. A. Valentine for a

nice sum. Babe had won something like 13 races before this, however, and taken a record of 2:10 1-2. Late in the fall she worked a mile in 2:03 3-4 at Lexington.

Vallery is at this stuff again this spring. Lexy, a sister to Babe Crescous, a few days ago worked a mile at Derby, Ohio in 2:13 1-2. This is the fastest workout of the year on a two-lap track and for a green mare, too. Now look at this! This mare is green, positively never saw a track until this spring, pulled a corn plow, a mower and a grain harvester at different times in 1916 and in addition raised a fine colt. Can you beat it? That's Vallery for you.—Columbus Dispatch.

REV. F. E. ROSS ENTERS LYCEUM

Rev. F. E. Ross, former pastor of Grace M. E. church and who, with Mrs. Ross and daughter Miss Evelyn, visited friends in this city Friday night and Saturday, has entered lyceum and chautauqua work, delivering his first lecture at Chillicothe a few nights ago, and making a splendid impression upon the large audience who heard him.

Rev. Ross, by reason of his fine intellectual ability and a careful study of the theme chosen, "The Coronation of the People," is highly qualified for Chautauqua work.

Rev. Ross has a number of lectures for lyceum and chautauqua and there is every indication that he will soon be very much in demand as a lecturer of more than average ability.

Concerning his recent lecture at Chillicothe the Gazette of that city says:

"Rev. Frederick Ross, of the Third Avenue M. E. church, Columbus, Ohio, was the speaker of the evening, 'The Coronation of the People,' being his subject.

"Rev. Ross said, 'Ideas rule the world.' He asserted that ideas underlie all institutions, government, our present system of popular education, political and all other institutions, both great and small.

"He further stated that practically underlies everything that 20th century people do. When one idea, being practiced, proved impractical, it must be displaced by a practical one.

"Autocracy has had its test and has outlived its usefulness. The time for an investigation by scholars has come, whereby Kingships will meet their doom. A few kings remain, but they are not dangerous because they are too closely surrounded by constitutional guards."

CLINTONS SIGN UP ANOTHER HEFTY ONE

When Clinton county fans gather at North End Park Sunday for the weekly pastime, they will find a new face on the Clinton team, which so far this season has a clean slate. Emmett Reilly, hitter from Home Run Avenue, Hittersville, has been signed by the locals and will be seen in a Clinton uniform for the first time when they tackle the Kentucky Colonels.

Reilly will be remembered with some sadness, for his work with Washington C. H. in the "world's series" last fall. In one game he only got two home runs against the local pitcher and then in the very next contest he pounded the old pill for another circuit clout.

Reilly used to play left field for the old Lima Cigarmakers, pennant winners in the now defunct Ohio State League. He broke up many a game in that league with his long hits and his base running was the best in the circuit. The Cleveland Americans sent over a scout to the oil city and signed Reilly but after playing a few games with the American League team, he broke ying. . . . team, and showing up splendidly, he broke a leg, and was later released.—Wilmington News.

BOARD OF REVISION BUSY ON BUILDINGS

The Board of Revision, consisting of Auditor Pine, Treasurer Duff and president of the Board of Commissioners Perrill, is still busy listing and appraising new buildings in the county, and so far have listed all buildings with the exception of Paint, Jefferson and Jasper townships, and three wards in the city.

They will complete the work on buildings next week, and will then investigate personal property valuations.

With the recent drop of another 50c per barrel, flour is now \$13 per barrel, wholesale, or \$4 less than it was about four weeks ago when the high mark was \$17 per barrel.

Spain as Republic and in War A Possibility of Near Future

KING ALFONSO INSPECTING SPANISH MILITARY TRACTOR

Spain's attitude toward the war and the fate of King Alfonso are now engaging the attention of all Europe. Spain as a republic, with Alfonso as its president, is not at all unlikely in the opinion of many observers, and they recall the fact that Spaniards have many times during the past century manifested a liking for the republican form of government. Spain

was actually a republic in 1873-4. Alfonso's popularity in the country is beyond dispute, and he may adopt a family name and rule as president. A Rome dispatch said a few days ago that Spain's entrance into the war on the side of the anti-German forces could not be averted much longer. The picture shows King Alfonso inspecting a Spanish military tractor.

"It is with deep sense of gratification that I receive the greetings of the America-Japan Society and the assurance of good-will of so many representative Japanese and resident Am-

ONE OUT OF EVERY 400 PEOPLE IN OHIO HAVE HAD SMALLPOX

By Associated Press Dispatch. every four hundred people in Ohio have had smallpox in the last five years according to statistics of the Ohio State Board of Health. These figures are based upon a total of 15,000 cases reported and a population of five million.

Smallpox is unusually prevalent at this time in certain sections of the state 1485 cases having been reported during the first five months of this year, 389 in April and 428 in May. The largest number of cases were reported in Butler, Darke, Green, Hancock, Hardin, Logan Mercer and Shelby counties in the western part of the state and Cuyahoga, Stark, Summit and Trumbull counties in the northwestern section. Five cities contributed 185 of the 428 cases as follows: Middletown 74, Cleveland 57, Akron 34, Barborton 10 and Sidney 10.

A total of 149 cases of epidemic cerebrospinal meningitis was reported in the state for April, being more than double the highest total for the disease during April of any of the five years of more accurate morbidity registration in Ohio. Sixty-six cases were reported from Akron in April.

Twenty cases of acute poliomyelitis (infantile paralysis) were reported in the state for May, the highest record in the history of the department. There were only two cases reported in May last year.

ASKS INFORMATION FROM THE BANKS ABOUT L. L. BONDS

By Associated Press Dispatch. Superintendent Phillip C. Berg has requested state and private banks to advise his department of the amount of liberty loan bonds they have purchased and the amount their patrons and depositors have purchased through them.

"We want the information to learn the extent to which banks and the people have participated in the subscription for statistical purposes and to convince proof of the loyal support of the banks and the people to the national government in the present emergency," said Superintendent Berg.

The banking department has between \$10,000 and \$15,000 of undrawn accounts or deposits taken from banks liquidated by the state, and Superintendent Berg has asked Attorney General Joseph McGhee whether these funds may be invested in liberty bonds, if such bonds can later be purchased.

Poetry For Today

HOOVER'S ARMY.

We are bound to get behind you, Mr. Hoover, never fear:
 You have called the roll of duty and we proudly answer "here."
 We are turning from the flamethrower that has scorched our restless wings
 To quiet realms of sacrifice and unilluminated things.
 Bridge, tennis, clubs and functions—we shall leave them all behind
 For the blessed work of saving and conserving humankind.
 We are wasters, yes, and spenders, to our shame it must be said
 That our homes have retrograded while the world has forged ahead;
 But now we pledge to standardize the wages of our cooks,
 To practice strict economy and keep a set of books.
 Behold us marching kitchenward to mend our careless ways
 And bring about a Renaissance of good old-fashioned days
 To form a close acquaintance with the humble deeds that count,
 To find in household management our duty paramount,
 To labor unobtrusively where limelight never shines
 To prove there is a vital force which fights behind the lines.
 We craved the far perspective as our woman's recompense,
 You taught us that the kitchen is the nation's chief defense.
 We are bound to get behind you, Mr. Hoover, never fear
 You have called the roll of duty and we proudly answer "here."

GERMANS ATTACK

By Associated Press Dispatch.
 Heavy attacks by the Germans are continuing along the Aisne front, with the fighting at times assuming almost the proportions of a general engagement. No substantial successes have attended the Crown Prince's effort.
 The latest bulletins indicate the fighting to be turning even more favorable for the French, whose artillery is proving that is has lost none of its effectiveness in breaking up attacks.
 The Crown Prince's primary purpose apparently is to forestall the renewal of the French offensive movement which was expected in this important sector, south west and south of the fortress of Laon, the German key position, which would be seriously menaced by any further advance.
 So far as appears, General Petain has lost none of his commanding positions, while the Germans have sacrificed heavily for such small gains as they have been able to effect.

BIG BUSINESS BLOCKS SELL

The Dennis, or Judy Block and the Midland Block, belonging to the estate of Dr. Henry Judy, deceased, sold at executor's sale, from the court house steps, Saturday afternoon.
 The Dennis block was the first to sell. It is the two story brick block immediately south of the Leland corner, and includes the business rooms in which are located Hughey's Confectionery store, Burgett clothing shop, and Bailey piano and sewing machine office, with the office rooms overhead.
 A number of persons wanted the property, and bidding was lively during most of the time.
 The room next to the Masonic Temple was first offered, and the high bidder was J. D. Post, at \$3,000. He also was highest bidder for the second room, at \$3,200, and John Worrell was high bidder for the room on the north, at \$5,320, making a total of \$11,520 for the block.
 The property was then offered as a whole, and by \$100, 50 and even as low as \$250 was run up to \$17,000 before being sold to J. A. Edge, who stated that he had purchased the property for himself.
 The Midland Block was then offered for sale. This block is composed of the large businessrooms occupied by Jess W. Smith's Department store, the Whelpley billiard rooms and the Bybee Millinery store. The block is 82 1-2 feet front, three stories high, with upper rooms used for music conservatory, offices and dormitory.
 The Jess W. Smith room, highest bid, was \$9,000 by J. D. Post, and the other two rooms \$9,000 bid by M. C. Orman.
 Sold as a whole the block was purchased by Bert Harper, for his mother, Mrs. Clara Harper, for the sum of \$24,325.
 Col. R. T. Scott was the auctioneer. Post & Reid were attorneys for the executor.

Will Ohio Go Dry?

There was a very good "chance" that Ohio would vote dry at the fall elections prior to the outbreak of war with Germany but since this nation has entered the conflict there seems every reason to believe that this year our commonwealth will step over into the column of dry states.
 Many prominent politicians in both of the political parties are now pronounced out for the dries while two years ago they were devoting all their energies and all their talents to dodging the issue—endeavoring to float along to victory at the polls without committing themselves on the wet and dry question.

Their realization, however, that that issue will not stay settled until it is "settled right" combined with some political disappointments in both party camps has served to drive many of the leaders out of the underbrush of secrecy onto the stump advocating the adoption of the dry amendment.
 Realizing the demoralizing effect of the use of intoxicants in the army has also converted thousands of voters to the dry cause. Even in Cincinnati the wet vote does not at this time, promise to equal the tremendous proportions of two years ago.

All in all the prospect of the success of the dry movement this fall in Ohio seems much brighter than ever before.

TONIGHT CLOSES THE CHAUTAUQUA; FI-FI MAKES HIT

Hon. Frances Neilson and the
Adams Concert Co. to Give
Entertainment Tonight—Large
Audience Enjoys FI-FI.

Tonight closes the Washington Chautauqua which has been well patronized and enjoyed by all patrons in general, and the closing program is announced as one of the most inviting of the entire series, Hon. Frances Neilson, former member of the British Parliament and an orator with few peers in England, will deliver his intensely interesting lecture on "The Future of Europe," and all interested in the great war will find him more or less a prophet as to what the real outcome will be in blood-soaked Europe.

The closing concert will be by the Elmer Crawford Adams Company, which gave such a delightful entertainment before a large audience Saturday afternoon.

The work of the Junior Chautauqua was particularly pleasing, Friday evening, and the production of "FI-FI of the Toy Shop" was a delight to the very large audience.

The leading characters of the cast carried out their parts with pronounced cleverness, and each of the host of youngsters taking part in the production is entitled to praise. Miss Judith Hampton Lyndon and Elsie May Gordon, who gave the entertainment in the afternoon, assumed the two leading roles of FI-FI. Both are young women of exceptional talent and their work met with the unstinted approval of the audience.

Miss Dorothy Saxton repeated her former very successful impersonation of the ragdoll "Loosey." Miss Lucy Edna Pine aroused great enthusiasm as "Inkspot," one of the funniest characters of the play and Miss Dorothy Bush took the part of the Witch cleverly.

Renick Allen did some of the best work of the play as Capt. Barnacle, his excellent voice and masterful main both fitting the part.

The leading role of Prince Lollypop was taken with professional ease by the director, George E. Shaw, and Richard Haynes gave a very clever and entertaining impersonation of Lieut. Tinheart. Walter Sprenger, al ways at home on the stage, played "Tackhammer"; R. R. Kibler again filled the role of the Sandman excellently and Kenneth Kerr was splendid as "The Man-in-the-Moon," his fine voice contributing to both solos and choruses.

Miss Margaret Mark was beautiful and fascinating as the Good Fairy.

The audience regretted that Miss Ruth Parrett, an adorable Bo Peep, only appeared twice. Her clear soprano was very beautiful in solos and of much assistance in choruses.

Miss Wanda Wolford, the Doll's Head, Miss Marie Sharp, the Talking Doll and Miss Maxine Kibler, the Japanese Doll, a pretty trio, completed the cast.

Miss Ruth Reid played the accompaniment for the entire operetta superbly.

The management of the production is authority for the statement that the work of the young people in this city proved much better than at any point where the play has been given in the chautauqua circuit.

Following the musical pageant which proved so popular, Fred G. Hale, of the Columbus Juvenile Court, gave his very interesting lecture on "The Fiddler and the Fire."

SOME OIL STOCK!

Some time ago we published a news item regarding some oil stock purchased by Chas. Corwin at \$20 per share and which advanced by leaps and bounds to the phenomenal figure of \$2,000 in a very short time. That the stock still retains its mushroom characteristics is vouched for by "Hig" who tells us today that he received a recent notification from the Oklahoma Oil Co., stating that the stock had advanced to \$2500—and all for a \$20 bill.—Leesburg Citizen.

HON. FRANCIS NEILSON WILL LECTURE TONIGHT

"The Future of Europe," is the striking title of the address to be given at the Chautauqua by Hon. Francis Neilson, ex-member of the British Parliament. Mr. Neilson has had a

life experience peculiarly qualifying him to speak upon this subject. He has been for fifteen years a leader among the Advanced Liberals of Great Britain. His address is the fruit of personal observation. Mr. Neilson believes that a United States of Europe is a possibility of the great war now raging, and that it is the ultimate solution of old world problems.

ALL WOMEN OF COUNTY URGED TO MEET MONDAY

Women's Workshop Committee of the Red Cross to Be Selected and Working Plans to Be Made—Stimson Building at 3 o'clock—Many New Members Enrolled During Week.

Every woman and girl of Fayette county who can sew or knit, whether they are members of the American Red Cross or not, are expected to be present at the chapter's workrooms in the Stimson annex to the Y. M. C. A. on Monday afternoon, June 25, at 3 o'clock.

Sufficient funds have been raised by the local Red Cross to begin work on hospital supplies at once.

This work comprises the making of pajamas, hospital bed shirts, convalescent gowns, sheets, pillow cases, slippers, hot water bag covers, towels and wash cloths.

In appealing to the women of the county for co-operation, the chairman of the Workshop Committee says:

"This is our part in the stupendous task of the nation to care for our soldiers and we must not be found wanting in a desire to give our fullest measure of support.

"We are at war, and our great forces of men are relying on every Red Cross chapter to take its share of the burden. Every woman who wants to help—and every woman does want to help—will find the chance to do some definite thing next Monday.

"Do not fail to come. This is not an invitation—it is a summons, a clear call to fight for our country, and our response must meet the demand. We cannot all fight in the trenches, but we can all fight in some definite way."

Mrs. C. H. Griffin, chairman, has appointed the following financial committee, whose duty it is to raise funds to carry on the local work:

Mrs. Bertha S. Miller, vice chairman; Mrs. H. T. Wilkin, Mrs. Fuller Hess, Mrs. Herman Price, Mrs. R. C. Hunt, Mrs. J. M. Willis, Mrs. Alex H. OSCAR VALLERY NEW POP GEERS

Ever hear of Oscar Vallery, of Derby, Ohio? Well, he's the Pop Geers of the half mile rings and has cut a lot of capers in the horse world. A year ago he picked up a green pacer mare, for instance and named her Babe Cresceus before he set her to work. Babe was an apt pupil and shortly after the state fair met here he sold her to C. A. Valentine for a

nice sum. Babe had won something like 13 races before this, however, and taken a record of 2:10 1-2. Late in the fall she worked a mile in 2:03 3-4 at Lexington.

Vallery is at this stuff again this spring. Lexy, a sister to Babe Cresceus, a few days ago worked a mile at Derby, Ohio in 2:13 1-2. This is the fastest workout of the year on a two-lap track and for a green mare, too. Now look at this! This mare is green, positively never saw a track until this spring, pulled a corn plow, a mower and a grain harvester at different times in 1916 and in addition raised a fine colt. Can you beat it? That's Vallery for you.—Columbus Dispatch.

REV. F. E. ROSS ENTERS LYCEUM

Rev. F. E. Ross, former pastor of Grace M. E. church and who, with Mrs. Ross and daughter Miss Evelyn, visited friends in this city Friday night and Saturday, has entered lyceum and chautauqua work, delivering his first lecture at Chillicothe a few nights ago, and making a splendid impression upon the large audience who heard him.

Rev. Ross, by reason of his fine intellectual ability and a careful study of the theme chosen, "The Coronation of the People," is highly qualified for Chautauqua work.

Rev. Ross has a number of lectures for lyceum and chautauqua and there is every indication that he will soon be very much in demand as a lecturer of more than average ability.

Concerning his recent lecture at Chillicothe the Gazette of that city says:

"Rev. Frederick Ross, of the Third Avenue M. E. church, Columbus, Ohio, was the speaker of the evening. 'The Coronation of the People,' being his subject.

"Rev. Ross said, 'Ideas rule the world.' He asserted that ideas underlie all institutions, government, our present system of popular education, political and all other institutions, both great and small.

"He further stated that practically underlies everything that 20th century people do. When one idea, being practiced, proved impractical, it must be displaced by a practical one.

"Autocracy has had its test and has outlived its usefulness. The time for an investigation by scholars has come, whereby Kingships will meet their doom. A few kings remain, but they are not dangerous because they are too closely surrounded by constitutional guards."

CLINTONS SIGN UP ANOTHER HEFTY ONE

When Clinton county fans gather at North End Park Sunday for the weekly pastime, they will find a new face on the Clinton team, which so far this season has a clean slate. Emmett Reilly, hither from Home Run Avenue, Hittersville, has been signed by the locals and will be seen in a Clinton uniform for the first time when they tackle the Kentucky Colonels.

Reilly will be remembered with some sadness, for his work with Washington C. H. in the "world's series" last fall. In one game he only got two home runs against the local pitcher and then in the very next contest he pounded the old pill for another circuit clout.

Reilly used to play left field for the old Lima Cigarmakers, pennant winners in the now defunct Ohio State League. He broke up many a game in that league with his long hits and his base running was the best in the circuit. The Cleveland Americans sent over a scout to the oil city and signed Reilly but after playing a few games with the American League team, he broke ying. . . .

Reilly, showing up splendidly, he broke a leg, and was later released.—Wilmington News.

BOARD OF REVISION BUSY ON BUILDINGS

The Board of Revision, consisting of Auditor Pine, Treasurer Duff and president of the Board of Commissioners Perrill, is still busy listing and appraising new buildings in the county, and so far have listed all buildings with the exception of Paint, Jefferson and Jasper townships, and three wards in the city.

They will complete the work on buildings next week, and will then investigate personal property valuations.

FLOUR IS DOWN \$4 DURING ONE MONTH

With the recent drop of another 50c per barrel, flour is now \$13 per barrel, wholesale, or \$4 less than it was about four weeks ago when the high mark was \$17 per barrel.

There is indication of a still further drop in the near future.

Spain as Republic and in War A Possibility of Near Future

KING ALFONSO INSPECTING SPANISH MILITARY TRACTOR

Spain's attitude toward the war and the fate of King Alfonso are now engaging the attention of all Europe. Spain as a republic, with Alfonso as its president, is not at all unlikely in the opinion of many observers, and they recall the fact that Spaniards have many times during the past century manifested a liking for the republican form of government. Spain

was actually a republic in 1873-4. Alfonso's popularity in the country is beyond dispute, and he may adopt a family name and rule as president. A Rome dispatch said a few days ago that Spain's entrance into the war on the side of the anti-German forces could not be averted much longer. The picture shows King Alfonso inspecting a Spanish military tractor.

ONE OUT OF EVERY 400 PEOPLE IN OHIO HAVE HAD SMALLPOX

By Associated Press Dispatch. every four hundred people in Ohio have had smallpox in the last five years according to statistics of the Ohio State Board of Health. These figures are based upon a total of 15,000 cases reported and a population of five million.

Smallpox is unusually prevalent at this time in certain sections of the state 1485 cases having been reported during the first five months of this year, 389 in April and 428 in May. The largest number of cases were reported in Butler, Darke, Green, Hancock, Hardin, Logan Mercer and Shelby counties in the western part of the state and Cuyahoga, Stark, Summit and Trumbull counties in the northwestern section. Five cities contributed 185 of the 428 cases as follows: Middletown 74, Cleveland 57, Akron 34, Barborton 10 and Sidney 10.

Twenty cases of acute poliomyelitis (infantile paralysis) were reported in the state for May, the highest record in the history of the department. There were only two cases reported in May last year.

ASKS INFORMATION FROM THE BANKS ABOUT L. L. BONDS

By Associated Press Dispatch. Superintendent Phillip C. Berg has requested state and private banks to advise his department of the amount of liberty loan bonds they have purchased and the amount their patrons and depositors have purchased through them.

"We want the information to learn the extent to which banks and the people have participated in the subscriptions for statistical purposes and as convincing proof of the loyal support of the banks and the people to the national government in the present emergency," said Superintendent Berg. The banking department has between \$10,000 an \$15,000 of undclaimed accounts or deposits taken from banks liquidated by the state, and Superintendent Berg has asked Attorney General Joseph McGhee whether these funds may be invested in liberty bonds, if such bonds can later be purchased.

Encouraging Athletics

Among the false and dangerous suggestions of economy which have been placed in the discard by the sober thinking American people, is that one which sought to do away with athletic pastimes.

Army officers were quick to point out that to follow such a suggestion was about the worst thing the people could be guilty of at this time.

Nothing is so conducive to the mental and physical health of the people young and old as clean outdoor sports and pastimes. Nothing develops the young men more than participation in the various athletic contests. Even those people who are too far advanced in years to take part in those contests derive an immense good by getting away from business for a few hours—away from the grind and the worries and out into the open air joining in the spirit of the contests. It provides the mental change which gives the overtaxed nerves a chance to recuperate while sun and breezes are busy putting new life into the physical man.

Every one who spends an afternoon at the ball game, at the race course, on the golf links or the tennis courts is certain to return home at dusk with a cheerful countenance, an optimistic state of mind and an appetite that will not be so "finicky" as to bring on a family row.

The County Fair

Very comprehensive plans have been formulated for the County Fair this year and are now in process of execution by the men who each year for several years past have given the people of this county such wholesome exhibitions.

The county fair today is entirely different from the county fair of a score or more years ago. There is very little now days to justify any contention that the county fair is not an exhibition of agricultural products pure and simple.

The tendency has been to eliminate the coarse features and bring it to the ideal standard which the originators of such exhibitions had in mind. Marked progress has been made to along that line. We find now very little at the fairs save the matters which interest the men folks and the women folks who live in the rural sections and the urban population which depends upon agriculture for its prosperity.

There are many things which have conspired to bring this very wholesome development about. First the science of farming has made tremendous progress. Farming is no longer only hard work and small profit for men and women.

We have colleges and universities where the children and the grand children of the men who cut our rich farm lands out of the great wilderness, have had the opportunity to educate themselves and have taken advantage of that opportunity. We have immense experimental stations where scientists have worked out many great problems of the farm. A tremendous sum is spent each year in ascertaining the cause of and the cure for the earlier failures.

The result is a profitable yield is no longer good luck and failure "tough luck." Men now days know that certain efforts will produce certain results and there is no waste energy. Farming is now a business which can be depended upon to produce results.

The county fair has grown to be a tremendous influence for good in the community life. Progressive men have seen to it that the exhibition meets with the public demands.

Never was the fair more important than this year. It is the big mobilization and recruiting headquarters for that great army which must keep the world from starving.

Will Ohio Go Dry?

There was a very good "chance" that Ohio would vote dry at the fall elections prior to the outbreak of war with Germany but since this nation has entered the conflict there seems every reason to believe that this year our commonwealth will step over into the column of dry states.

Many prominent politicians in both of the political parties are now pronouncedly out for the dry while two years ago they were devoting all their energies and all their talents to dodging the issue—endeavoring to float along to victory at the polls without committing themselves on the wet and dry question.

Their realization, however, that that issue will not stay settled until it is "settled right" combined with some political disappointments in both party camps has served to drive many of the leaders out of the underbrush of secrecy onto the stump advocating the adoption of the dry amendment.

Realizing the demoralizing effect of the use of intoxicants in the army has also converted thousands of voters to the dry cause. Even in Cincinnati the wet vote does not at this time, promise to equal the tremendous proportions of two years ago.

All in all the prospect of the success of the dry movement this fall in Ohio seems much brighter than ever before.

Poetry For Today

HOOVER'S ARMY.

We are bound to get behind you, Mr. Hoover, never fear;
 You have called the roll of duty and we proudly answer "here."

We are turning from the flamethrower that has scorched our restless wings

To quiet realms of sacrifice and unilluminated things.

Bridge, tennis, clubs and functions—we shall leave them all behind
 For the blessed work of saving and conserving humankind.

We are wasters, yes, and spenders, to our shame it must be said
 That our homes have retrograded while the world has forged ahead;

But now we pledge to standardize the wages of our cooks,
 To practice strict economy and keep a set of books.

Behold us marching kitchenward to mend our careless ways
 And bring about a Renaissance of good old-fashioned days

To form a close acquaintance with the humble deeds that count,
 To find in household management our duty paramount.

To labor unobtrusively where limelight never shines
 To prove there is a vital force which fights behind the lines.

We craved the far perspective as our woman's recompense,
 You taught us that the kitchen is the nation's chief defense.

We are bound to get behind you, Mr. Hoover, never fear
 You have called the roll of duty and we proudly answer "here."

EXPRESSES PEACE HOPE

By Associated Press Dispatch.

Paris, June 23.—The Zurich correspondent of the Petit Parisien quotes Prince von Buelow, former German Chancellor, as saying, in reply to birthday greetings from the City of Bromberg, Prussia, that he hoped this year would bring to the Germans the longed for peace—a peace with compensations for the sufferings and sacrifices and an indemnity which would permit Germany immediately to resume the position she occupied before the war.

This is the first time Prince von Buelow has expressed himself on the subject of Germany's war aims.

BELIEVED AT WORK.

It has been stated repeatedly that Prince von Buelow's presence in Switzerland was connected with German peace efforts, which he was supposed to be furthering; but according to other reports, he is not in the good graces of the German Government.

It is reported that the Berlin police have arrested a man because he shot at the Kaiser and missed.—Council Bluffs Nonpareil.

GERMANS ATTACK

By Associated Press Dispatch.

Heavy attacks by the Germans are continuing along the Aisne front, with the fighting at times assuming almost the proportions of a general engagement. No substantial successes have attended the Crown Prince's effort.

The latest bulletins indicate the fighting to be turning even more favorable for the French, whose artillery is proving that it has lost none of its effectiveness in breaking up attacks.

The Crown Prince's primary purpose apparently is to forestall the renewal of the French offensive movement which was expected in this important sector, south west and south of the fortress of Laon, the German key position, which would be seriously menaced by any further advance.

So far as appears, General Petain has lost none of his commanding positions, while the Germans have sacrificed heavily for such small gains as they have been able to effect.

In Social Circles

In the home where the bride of twenty-five years ago has passed her entire life and in the same corner of the room where in her early girlhood the marriage ceremony was performed, Mr. and Mrs. Joseph H. Harper received on Friday evening the congratulations of sixty friends of their closest intimacy upon their silver wedding anniversary. Receiving with them were their two children, Miss Helen and Howard, and around them were fragrant reminders of many friends in the beautiful flowers which were in profusion throughout the rooms.

The home, belonging to the early period of large rooms and high ceilings, with immense pillared verandah catching every cooling breeze, lent itself admirably to the occasion and radiated the hospitality which has always been most freely extended.

Mrs. Harper received in a gown of dove gray taffeta and georgette crepe and carried an exquisite bride's bouquet of My Maryland roses and fern, falling in a shower of buds and fern over the skirt.

Miss Harper wore a dainty gown of white organdy.

Following a brief reception with good wishes galore, the guests were seated for an hour of rare pleasure in a beautiful musical program given by Miss Evelyn Ross, of Columbus, pianist and Miss Louise Larrimer, contralto.

Miss Ross, a highly gifted young pianist, gave remarkable proof of her musical development in a program that made heavy demands and that drew incessant applause. She played with poise, great brilliancy and technical skill and made a very attractive picture in a lovely gown of rose georgette crepe, embroidered in oriental colors.

Miss Larrimer won immediate response in her charmingly rendered songs. Her voice is of such lovely, sympathetic quality and her manner so sweet and natural that it is a delight to hear her. In happy accord with the anniversary she was wearing her mother's wedding gown, with a cluster of pale pink roses at her belt.

The two musicians presented the following program: Miss Light accompanying Miss Larrimer.

Capriccio Brahms
Nocturne Chopin
Miss Evelyn Ross
Song—Sunrise and Sunset
..... Gilbert Spross
Miss Louise Larrimer
Lento Cyril Scott
Danse Negre Cyril Scott
Miss Ross
Song—Sweet Miss Mary
..... W. H. Neidlinger
Miss Larrimer
Liebestraum Liszt
Miss Ross
Song—Good Bye, Sweet Day
..... Kate Vannah
Miss Larrimer

Subsequent to the music the dining room was thrown open and a summer collation was served around a table decorated with bride's roses and similar.

A most unusual feature was that the caterers for the wedding, Mrs. Ione Bryant, also catered for the silver wedding Friday evening.

Assisting in the hospitalities were Medames W. B. Rogers, D. S. Craig, Fuller Hess, Misses Minnie Light, Gertrude and Edith Gardner and Florence Ustick.

Adding to the spoken words of congratulation there were many letters and telegrams, among the latter from Mrs. Harper's brothers, Mr. Chas. Silcott, Cattlettsburg, Ky. and Dr.

James Silcott, of Cincinnati, and their families, from Mr. and Mrs. George Adams of St. Louis, Mo., and Mr. and Mrs. Will Harris, Walton, Fla.

Guest from out of town included Rev. and Mrs. Frederick E. Ross and daughter, Miss Evelyn, Mrs. Luella Herbert, of Columbus, Miss Florence Langston, of Darlington, S. Ca., and Miss Dorothy Smith, of Bainbridge.

VAST NUMBER OF HORSES EXPORTED

A great number of horses and mules have been exported from the United States to play their small and tragic part in the greatest tragedy the world has ever known.

The following table shows the exports for 1914, 1915 and 1916, the three years in which there has been purchases for war purposes, giving the number of horses and mules sent abroad each year, together with the value thereof:

Year	Horses	Mules	Value
1914	92,923		\$ 17,661,687
1915	143,014		9,627,171
1916	278,413		62,752,826
Total	514,350		\$ 89,941,684
		265,238	53,510,102
G. Total	1,088,588		\$228,551,786
Year	Horses	Mules	Value
1914	9,771		\$ 1,675,130
1915	121,006		23,825,924
1916	134,461		28,009,948
		265,238	\$ 53,510,102

It will thus be seen that our total export of these four footed friends of man has brought to the coffers of this country the amazing sum of \$228,551,786, nearly a quarter of a billion.

The same government report states that exports of automobiles, during that period amounted to 179,570 in number and \$219,987,718, a difference in favor of the live product of nearly nine million dollars.

COSTS LESS TO LIST PROPERTY

County Auditor Glenn M. Pine announced Saturday morning that it has cost the taxpayers of the county just \$1535 less to list the property of the county under the new tax law than under the old law where it was done by a personal visit of the assessors.

The cost of property appraisement last year was \$2247.15, and this year it was only \$812.24, or a little more than one-third of the cost last year.

This cost can still be greatly reduced if the same method is followed next year, because the people will then understand better how to make their own property returns, and eliminate the necessity of assistance which it was necessary to employ this year to help fill out the blanks.

WHAT KIRKPATRICK DITCH WILL COST

The total estimated cost of the Kirkpatrick ditch, which has become somewhat famous because of the extraordinary number of joint sessions of county commissioners, is placed at \$23,431.40, and of this amount Fayette county is to pay only \$197.18, Wayne township, Fayette county pays \$27.31 and Marion township \$26.80.

The assessment against the corporation of New Holland is \$1,957.82 and against Pickaway county \$643.19. The assessment against the New Holland cemetery is \$214.16.

The final meeting on the ditch was held in the courthouse at Circleville, Thursday of this week, and unless there is an appeal to the probate court the commissioners will meet next month to sell the bonds and the work.

The petition has been granted and the assessments have been made.

The commissioners struck off all assessments against the lands of the following persons; Church lot, Albert E. Grimes, Charles Grimes, all of W. J. Grimes estate except Kinney land, Joseph W. Jester, Cash Kirkpatrick, Nancy Withcott, Charlotte Parker, Charles Bryan, all of Virgil Bryan, located in Deerfield township, A. J. and Flora Bryant, J. W. Stookey, all of L. T. Thomas which is located in Deerfield township and New Holland corporation in Fayette County.

The total estimated cost, which includes claims for compensation and damages amounts to \$23,431.40.

BODY TAKEN TO CINCINNATI

The body of A. H. Lamar, who died at his home in Milledgeville Thursday morning of tuberculosis, was taken to Cincinnati early Saturday morning where the remains will be cremated, at Mr. Lamar's request.

Mr. J. W. Armantrout, undertaker of Milledgeville, accompanied the body

TEAM RUNS AWAY ON NORTH STREET

A team belonging to Thomas Wood of the Columbus pike, which was engaged in hauling crushed stone from the C. H. & D. siding on North street to the Bogus Road, became frightened at a switch engine about 7 o'clock this morning, and ran away, dashing wildly north on North street and were not halted until they reached the B. & O. tracks.

At the B. & O. crossing the team wheeled when an attempt was made to stop them by waving a coat in front of them, the one horse falling down and being dragged several feet by the other.

The wagon, which was partly loaded with gravel was not damaged, but one horse received several ugly cuts on the thigh. There was quite a bit of traffic on North street at the time and is a miracle that no persons were injured.

ENORMOUS PURCHASES OF FINE JEWELRY

(Associated Press Cable)

Tokio, Japan, June 23.—Enormous purchases of jewels and jewelry indicates the wealth that has come to Japan on account of the war. Dealers report countless sales at high prices to the families of people who are quickly becoming wealthy.

Another indication of Japan's prosperity was furnished by the public sale of the heirlooms of the household of the late Viscount Akimoto, a peer, which brought about \$750,000. An old album of landscape pictures sold for \$70,000, said to be the highest price for any single article of curios ever paid in Japan.

SECRETARY.

The Name of Old Glory

BY JAMES WHITCOMB RILEY.

I.
OLD GLORY! say, who,
By the ships and the crew,
And the long, blended ranks of the gray and the blue—
Who gave you, Old Glory, the name that you bear
With such pride everywhere
As you cast yourself free to the rapturous air
And leap out full-length, as we're wanting you to?
Who gave you that name, with the ring of the same,
And the honor and fame so becoming to you?
Your stripes stroked in ripples of white and of red,
With your stars at their glittering best overhead—
By day or by night
Their delightful light
Laughing down from their little square heaven of blue!
Who gave you the name of Old Glory?—say, who—
Who gave you the name of Old Glory?

II.
OLD Glory,—speak out!—we are asking about
How you happened to "favor" a name, so to say,
That sounds so familiar and careless and gay
As we cheer it and shout in our wild breezy way—
We—the crowd, every man of us, calling you that—
We—Tom, Dick, and Harry—each swinging his hat
And hurrahing "Old Glory!" like you were our kin,
When—Lord! we all know we're as common as sin!
And yet it just seems like you honor us all
And waft us your thanks, as we hail you and fall
Into-line, with you over us, waving us on
Where our glorified, sanctified betters have gone—
And this is the reason we're wanting to know—
(And we're wanting it so!)
Where our own fathers went we are willing to go—
Who gave you the name of Old Glory—Oho!—
Who gave you the name of Old Glory?

III.
OLD Glory: the story we're wanting to hear
Is what the plain facts of your christening were—
For your name—just to hear it,
Repeat it, and cheer it, 's a tang to the spirit
As salt as a tear;
And seeing you fly, and the boys marching by,
There's a shout in the throat and a blur in the eye
And an aching to live for you always—or die,
If, dying, we still keep you waving on high.
And so, by our love
For you, floating above,
And the scars of all wars and the sorrows thereof,
Who gave you the name of Old Glory, and why
Are we thrilled at the name of Old Glory?
Then the old banner leaped, like a sail in the blast,
And fluttered an audible answer at last—

IV.
AND it spake, with a shake of the voice, and it said—
By the driven snow-white and the living blood-red
Of my bars, and their heaven of stars overhead—
By the symbol conjoined of them all, skyward cast,
As I float from the steeple, or flap at the mast,
Or drop o'er the sod where the long grasses nod,—
My name is as old as the glory of God,
*** So I came by the name of Old Glory.

SEEK BETTER DRY PROVISION

(By American Press)

Washington, June 23.—Before the final vote is taken today, the prohibition advocates hope to insert a stronger dry provision in the food control bill.

The section which would authorize the president to limit, regulate, prohibit or reduce the supply of food materials or feeds used in making alcoholic liquors falls short of the demands of most of the anti-liquor elements. A majority hopes for absolute prohibition of the use of grain for beverage purposes during the war.

Except for the prohibition drive, nothing is in sight to prevent passage of the measure this evening in the house and the outlook in the senate for quick action also is considered good.

Promising plans for compromise on disputed points in the senate caused Chairman Gore of the agricultural committee and Senator Chamberlain, in charge of the bill, to express belief that it would be ready for conference by July 1, the date by which President Wilson urges that the legislation should be enacted.

Senator Reed again denounced the food bill as a violation of constitutional rights. He said he favored punishment of food speculators and boarders, but maintained it is "not necessary to punish the vast multitude of people in order to reach the occasional criminal."

Among amendments presented was one by Senator Borah proposing that retail and wholesale prices of bread, flour and other foods be proclaimed by the president and that the prices of coal, steel, oil, farm implements, fertilizers meats and clothing usually worn by wage earners be fixed by the federal trade commission.

Woman Shot Dead in Street.
Lima, O., June 23.—Much mystery surrounds the shooting to death of Mrs. Sarah Montague, twenty-three, as she was walking with her husband along the street. Mrs. Wanda Hill, proprietress of a restaurant, is being held by police. Mrs. Hill said she fired a shot "in the air" to frighten three men who had been causing her trouble. She denied knowledge of Mrs. Montague's death.

LUFBERY IS LEADER OF YANKEE FLYERS FIGHTING IN FRANCE

ADJ. RAOUL LUFBERY

Adjutant Raoul Lufbery of New York, premier "ace" and fighting airman of the Lafayette escadrille, recently brought down his eleventh "official" enemy plane in a single handed fight against five Germans.

It took the New York fighter just twenty-five shots to shatter the wings of the adversary plane nearest to him, the German whirling down from the 15,000 feet altitude to death. He exchanged shots with the remaining four and then when more Lafayette flyers came to his rescue the enemy quartet hurriedly sped away.

Lufbery was the guest of the French general commanding the Sixth army, to which the Lafayette escadrille will shortly be attached. The latest exploit of the Lafayette's squadron as a whole was a remarkably successful bombing expedition over enemy reserve barracks at a point six miles deep in the German lines. The entire escadrille flew at an altitude of a bare 500 feet, disregarding anti-aircraft guns, and fired their machine guns and dropped bombs upon military establishments, roads and batteries with good effect.

Sham Fights Help in Training Our Fighters for Battlefield

NATIONAL GUARDSMEN IN SHAM BATTLE

As part of the preliminary training to which American sailors are being subjected in this country before being sent to Europe for the finishing touches, some American military experts place considerable reliance on sham battles. In these efforts are made to approximate as closely as possible actual conditions of warfare, but, of course, many of the emergencies which arise constantly in actual warfare, such as the losses of commanding officers, are not present. In the picture is depicted a scene in a recent sham battle in which national guardsmen participated.

HOW TO CONSERVE NATURAL GAS FOR A FUEL SHORTAGE

(By Associated Press Dispatch.)
Columbus, O., June 22.—Consumers of natural gas can help their own cause in getting gas when it is badly needed by practicing conservation and eliminating waste, and it is highly important that these things should be considered, now that it is indicated that next winter's coal supply will not only be short but high in price, and after last winter's experience of gas shortage.

"Consumers should realize that natural gas is controlled by nature, is found only in limited areas, is uncertain as to supply and neither quantity nor quality is controlled by producer," says the report of the state natural gas survey to the public utilities commission.

Nearly a score of suggestions are made to domestic consumers to help them save gas and help conserve the supply and at the same time save an average of \$5.71 a year, which is the average amount unnecessarily wasted. Among suggestions are the following:

Test the house piping. Turn off fires and lights and watch the gas meter for 15 minutes. If the hands move it indicates there is a leak.

The flame should be a sharp blue flame. If yellow at points there is a leak and waste.

Flames in stoves should not be allowed to extend beyond or envelop cooking vessels. Turn off gas when not cooking.

Treat heaters the same way. Don't open doors when a room gets warm, but shut off the gas. Use a thermometer to regulate heat.

Don't let dust accumulate on the mixer and screen. Clean the pin holes through which the gas enters the mixer.

Don't look for a leak with a lamp, lantern, candle or lighted match. If a leak is found, open windows and use soap and a bandage for a temporary stop.

Clean lamp and stove burners and look for leaks before winter.

Don't use a gas stove without a flue connection.

Keep the damper partly closed. Natural gas requires a perfect draft.

Don't use rubber tubing for connecting gas stoves. If used for connecting lights, have a cut-off cock on the gas fixture, not at the lamp.

Don't keep gas stoves near the wall. Have metal under the stove.

Watch the burners in a gas stove. If the flame is red, the burners should be cleaned by placing in boiling water with soap and washing soda. Then regulate the mixer until the flame has the proper blue color.

Learn to read the gas meter and keep your own record.

Have emergency fuel on hand. Gas pressure is low in winter and no one knows how to regulate it.

OHIO IS LEADING ALL OTHER STATES

(By American Press)
Washington, June 23.—Reported contributions to the Red Cross \$100,000,000 mercy fund have reached \$71,000,000, of which more than \$33,000,000 have come from New York city and \$44,000,000 from the remainder of the country.

Ohio continues to lead, not only the north central division, but also all other states, and Pennsylvania, New York (outside of New York city), and Illinois were other high states.

Churches will take special Red Cross collections Sunday. Monday, the final day, has been designated "Pershing day." A special message from General Pershing to the American people, telling the needs for Red Cross work on the battlefields of France, will be published.

Cincinnati plans to make Monday "mothers' day" and several other cities are expected to solicit contributions to be considered individual memorial funds to mothers of the donors. Postmaster General Burleson called on postal employees to give to the limits of their ability for the Red Cross.

Cleveland yesterday upheld its good record for the week, with a total of \$3,858,225. Chicago reported \$3,832,211; Pittsburgh, \$2,000,000; Boston, \$1,824,879; Detroit, \$1,736,112; Buffalo, \$1,576,298; Cincinnati, \$1,290,000; Philadelphia, \$1,232,561; and St. Louis, \$1,157,825. Many smaller cities made even better records, considering their apportionments. Milwaukee made its total \$425,000 and announced a new goal of \$1,000,000.

FARMERS URGED

(By American Press)

Wooster, O., June 23.—More than 3,000 farmers from nearly every county in Ohio were urged by the speakers at the annual experimental station "wheat field day" meeting to raise more wheat.

"Ohio's wheat crop can be doubled by using only ordinary means," Director Charles E. Thorne of the station told them. "If you double the production of wheat, as we have done here at the station, this increase will return you more than 100 per cent of its cost. Every bushel will cost you less to produce if you double the yield."

W. I. Chamberlain, editor of an agricultural journal, declared farmers should raise 100,000,000 bushels of wheat in Ohio in 1918. Director Thorne's goal is 60,000,000 bushels, twice the yield last year. "Good drainage, good tillage, the right fertilizer and the proper rotation will give Ohio a 100,000,000 bushel crop," Chamberlain declared.

Charleston, S. C., June 23.—A warning that German agents are using a small, ingeniously constructed bomb for destroying manufacturing plants in enemy territory was issued at the office of Major General Wood, commanding the southeastern department.

ARMY DOCTOR ACCUSED OF MURDERING PIPER AT NEW BRUNSWICK, N. J.

CAPT. WM. J. CONDON

The arrest at Fort Oglethorpe, Ga., of Dr. William J. Condon, one of the most prominent and popular physicians of New Brunswick, on the charge of murdering John V. Piper, a graduate student in Rutgers college, last February, released a flood of rumor which had been spreading about underground for the last four months.

Ever since Piper's disappearance gossip had connected Dr. Condon with the affair, but the discovery of the missing man's body and the collection of evidence which brought County Prosecutor Joseph E. Stricker to the conclusion that he was killed by the physician, has brought with it absolutely no trace of a motive which could have inspired such a crime. Dr. Condon, who was a surgeon in the regular army in the Philippines and later served with the New Jersey guard, is now a captain in the army medical corps at Fort Oglethorpe.

Warning

We are informed that at some cafes, restaurants and gardens beer and strong drinks have been sold under the guise of the popular soft drink, Bevo.

These reports have been confirmed sufficiently to compel us to take action.

The beverage Bevo enjoys the protection of both federal and state authority. In preparing it for sale and in marketing it, we adopt every possible precaution to protect the public against imposition and to prevent evasion of the law. Bevo is sold in bottles only, we bottle all of it ourselves, and we have adopted a kind of bottle, crown and seals designed to prevent imitation.

We shall omit no measure within our power to defend the authority under which Bevo is manufactured and sold, to protect the public from imposition, and to safeguard the good name of this Association.

We therefore give fair warning that we shall refuse to sell our products to those who are found guilty of the above offense.
